## DETAILED ACTION

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. At claim 1 lines 3-4, "to the information station" is indefinite. The preamble (from an information station) and line 8 of claim 1 (at the information station) imply that the phrase at claim 1 lines 3-4 should be "from the information station".

### ***Claim Rejections - 35 USC § 102***

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-26 are rejected under 35 U.S.C. 102(b) as being anticipated by DeLorme et al.
5. DeLorme et al. teaches (independent claims 1, 23, 24 and 26) a method of maintaining and marketing an information database, and providing information to a consumer, and a computer readable medium having instructions for performing said method, the method comprising: receiving a request for *travel* information from the consumer (col. 6 lines 58-59) to (at) an information station, the *PC 105* (col. 13 line 37); retrieving the information and an incentive (*coupon*) related to the requested information (col. 12 lines 38-45) from an information database system, printing the information and the incentive on an information page for the consumer at the information station (col. 18 lines 25-34); and *tracking* and statistically summarizing activities (col. 37 lines 25-46 and col. 64 lines 11-14), which reads on receiving feedback and submitting to the information database system data identifying the information and incentives provided to the consumer. DeLorme et al. also teaches (claim 24) identifying a consumer by account number (col. 37 lines 3-14).

Art Unit: 3622

6. DeLorme et al. also teaches at the citations given above claims 3, 4, 6, 7, 9-15, 17, 18, 21, 22 and 25.
7. DeLorme et al. also teaches: claims 2, 5, 19 and 20 (col. 21 lines 7-48 and col. 51 line 11); and claim 8 (col. 11 lines 18-24 and col. 12 lines 58-61 [Fig. 1C]).
